Company Introduction

OCTOBER 2016

Introduction

Bazaar Konnections was incorporated in 2003 and is driven by the vision of Manpreet Singh to become the best manufacturer and exporter of handbags and accessories that India can proudly offer.

The company presents a rich mix of innovative merchandise, expertise, quality and capabilities to move with ongoing fashion trends. The keynote of the enterprise is to remain focused on quality assurance and to give the best service to the customer.

Bazaar Konnections strive to be open-minded in the ever evolving fashion industry to ensure growth, not only in turnover but also in infrastructure, portfolio, human resources and most importantly product development and specialization.

An exquisite offer of leather, fabric and embellished handbags & accessories following 3 simple rules;

DESIGN – INNOVATION – QUALITY

Our Product Offer

With constant development of ideas and innovations executed by expert leadership, merchandisers and craftspeople, Bazaar Konnections is able to showcase a stunning collection of leather, fabric and embellished day and evening bags and accessories including belts.

Predominantly known for manufacturing and exporting ladies accessories, Bazaar Konnections can also produce mensbags, belts & small leather goods.

The factory has capacity to produce 80,000 units per month and specialize in a wide range of fashion bags, including combinations of leather/fabric and PU/fabric bags.

Leather Bags

Bazaar Konnections has a team of highly skilled craftspeople who can apply beadwork or threadwork to partial or whole bags according to design and budget. Recent investment into specialist embroidery machines further endorses the factory's ability to create lavish embroideries efficiently and to a consistently high quality.

Our Creative Team

Bazaar Konnections has its own creative department in India and design consultants in UK & France. They are constantly working on design inspiration and direction and therefore the sample room can respond quickly to sourcing raw materials or trims and developing new bag profiles or techniques.

The highly creative and skilled team can produce print, beaded and embroidered panels on an ongoing basis for buyers and designers' reference to excite and inspire.

Regular trend boards and sample development means that new samples can be seen approximately every 8 weeks with the Bazaar Konnections Collection. A new concept introduced by the company to be one step ahead in development in this fast moving world.
