RE: Board Elections 2018

We have completed the count for the Commission on Homelessness for Volusia & Flagler Counties Board of Directors Election Ballot. You received 16 ballots via email and none by mail or delivery.

As there were enough seats for all candidates there was not a vote required for any special district or seat representation.

I am attaching the spreadsheet to outline the votes. If there is no X in a column it indicates that there was a “no” vote for this candidate. All but 2 candidates received 100% selection from those voting.

Please let me know if you have any questions.

All votes and tabulations will be kept at the Chamber for one year.
