@THEBOUTONES

THEBOUTONES

The Boutones are a midlands based, four piece 'covers' band on a mission: to entertain and educate in equal measure, whilst bringing something fresh [but warm and vintage of course!] to the live music circuit. We consist of a [ahem] mature line up, with over 140 years combined gigging experience across pro & semi pro, that has encompassed touring, theatre, cruise ships, teaching and session work! Our aim in life is to make you, the listener, happy and maybe a little inquisitive, having heard some great new [to you!] and old songs played well. We like to take original, classic & sometimes rarely played songs and create our own covers, some old, some new, and add a little of our own 'feel'.

Different, but suitably commercial, we can put on a great show and bring many years of professional experience to your venue or event. We are proud to have worked with, and in some cases lead, a number of established and well know bands and performers....

Vince Eager, Buster Party Band, The Avengers Soul Band, Tristram Shandy,
The Stumble Brothers, Buzzard, Revolver, The Nag

We are full social media 'savvy' and will help promote & support venues, promoters etc. through the appropriate channels....e.g. web ,facebook and twitter....
