Hereford YEARLING BULLS

HMS HI-CLIFFE

HMS Hi-Cliffe, owned by Hunter, Morgan, Sydney, Brenda, and Carmen Millham. We are a small family ranch of 30 purebred Polled Herefords. We are passionate about raising quality cattle for the commercial and purebred industry.

The processing protocol: IBR, BVD, BRSV, Pasteurella, Heamophilus, and Blackleg vaccines, endectocides and fly control are given in the spring and fall. Bulls feeding regime: Free choice hay supplemented with Masterfeed Propel and a vitamin/mineral mix.

We raise and breed our bulls for the pasture and commercial industry; fortunately, some are good enough for the show ring and purebred herds

If you are looking for a bull that has the length and performance to fill your wallet at weaning time, James Bond is that bull. His dam was our pick of the 2016 bred heifers at RSK Farms, a sound structure, well udder cow. James Bond was entered at Agribition and we considered keeping him as our new herd bull; fortunate circumstances allowed him to be offered at this sale.
