New Business:

- Winter Workshop January 13<sup>th</sup> – 15<sup>th</sup>, Be there!
- SWTA Corrections Conference February 3<sup>rd</sup> – 5<sup>th</sup>
- Treatment and Accessibility Conference, should we have one?

**Below is three questions asked of the Chair Person, Cherie Rowland**

- 1. Is this the same as H&I**
- 2. Who are the TF Members in the SWTA (second sentence of proposal)**
- 3. Is there already a conference workshop for Treatment Facility (TF)**

**“This is my understanding of the proposal.” Cherie Rowland**

**It is the same as H&I. This will focus on carrying an AA meeting into a treatment center.**

**The treatment facilities members would be made up of the current treatment facility chair for area and more than likely past chair people for this position. If it were me I would also include committee members that were serving their districts in this capacity as well.**

**There is not currently a treatment facility conference. We do have workshops when asked by districts and groups but this would be more like the CFC and PICPC conference that we now have.**

- Take the above information to your group and see how they want you, the GSR, to the group.
- Still need a PICPC chair person, please put the word out.
