

Burnt Store Isles Association Member Benefits

➤ Home Values

- BSIA works with the City of Punta Gorda, new home contractors, and home owners to maintain deed restrictions and the appearance of our neighborhood. This ultimately protects the property value of our homes.
- BSIA has several committees dedicated to our neighborhood appearance and safety including Special Projects, Community Standards, and Security.

➤ Information

- Membership Directory
- Electronic Bulletin Board with neighborhood and community information, upcoming events, new member information, and more.
- Newsletter specific to our neighborhood and members.
- Maintenance of BSIA website (www.bsia.net) with deed restrictions, Board of Directors contact information, board minutes, and upcoming events.
- General membership meetings to update members on current topics in the association and neighborhood.
- Periodic surveys to ascertain member views related to neighborhood issues.
- Informational meetings for 'hot-topics' in our neighborhood. BSIA usually does not take a position on these topics, but will provide written information and/or public meetings so members have the needed information to make an informed decision.

➤ Social

- BSIA provides many social events throughout the year including picnics, parties, local tours, dinners, neighborhood yard sale, and more.

➤ Volunteer board and committee members.

- All membership dues go to providing the above benefits to BSIA members. Many Burnt Store Isles' neighbors volunteer their time to provide an active and vibrant association.
