### MEETING – JUNE 9<sup>th</sup>

Our 'double whammy' of Evans Cooling Systems and the Ontario Ministry of Transportation turned out to be quite the success and gave us a good boost for our July and August recess!

Christopher Brand of Evans and Mike Walter of Black Cap International presented for Evans. We were advised that Evans Waterless Coolants are a proprietary mix of Ethylene and Propylene Glycols and has been in use in the auto racing and antique hobby for over 20 years. Highlights included: boiling point of 375°F that eliminates overheating; no additives required; runs hotter/less fan time thereby improving efficiency by reducing fan HP draw; significant saving on fuel consumption; eliminates liner pitting. For more information, please contact Christopher at 613-216-2141.

Robert Monster, Sr. Veh. Stds. Eng. with the Ontario MoT, reviewed the changes in the inspection standard for commercial vehicles for annual, semi-annual and safety standards certificates. In sum, these new amendments to regulations 611 & 601, have Ontario adopting the more stringent National Safety Code Standard 11 B; effective July 1, 2011; with a 2 year transitioning period. This makes for more widespread conformity with other provinces and with the US. For more information, please visit: [www.mto.gov.on.ca/english/trucks/](http://www.mto.gov.on.ca/english/trucks/)

Thanks again to Christopher and to Mike of Evans and Black Cap respectively, and to Robert with the MTO, in making for a nice and informative evening!

50/50 Draw: Won by Frank Vanbruinessen with Metro Freightliner. Proceeds of this draw for charity was directed to 'Sick Kids'.
