### **Generic Statements for Report Cards Regarding Distance Learning**

We had Rep Council this week and during our segment break out sessions, a Rep asked if the district had a universal report cards message. I emailed the Assistant Sups and this is what they emailed me back. Of course you can write what you want, but if you want a key phrase and consistency; this would work.

Due to Distance Learning, academic measures do not reflect any in person assessments, therefore, grades may not truly reflect your students academic abilities.

These are the drop downs on the report cards, plus "NE" (Not evaluated) has been added for areas that were to be covered second trimester but weren't.

**Report Card Comments - Please replace current statements attached to the numbers and letters below with the statement listed here.**

**02** - Takes initiative to ask for help with Distance Learning

**F** - Missing daily ZOOM live instruction

**G** - Distracted during lesson/ Not engaged

**E** - Not signing into daily live instruction

**U** - Submitting blank assignments on google classroom

**W** - Not participating during live instruction
