All government officials and agencies, including all State legislatures, are bound by the Constitution and must NOT create any defacto laws which counter the Constitution: The U.S. Supreme Court, in 1895, ruled unconstitutional a federal law containing income taxes, Bills, statutes and codes with arguments concerning class warfare and the definition of a direct tax. Oath of office - Subchapter II - Oath of Office - U.S. Code - Title 5: Government Organization and Employees - January 01, 2011 - Order: 2 - 19265805 ...To protect the people from their elected and public employees,, Many of our people seem to believe that their state government has jurisdiction to stop the common law Grand Juries. However, the state government only has authority over statutory (ie. state) law, not common law. The common law of England was used to establish the U.S. Constitution, so it existed before it and, thus,

it is superior to it. The common law is time immemorial.

The state government did not create the common law, so it has no authority to abolish it or control it, unless we allow ourselves to be tricked to putting common law under statutory law, where it's "their house, their rules." However, if we operate outside the statutory rules by invoking common law, no state government has the authority or jurisdiction to dictate, control or abolish what we do. They only have authority to enforce our decisions.

If the U.S. Supreme Court acknowledged the authority of the common law Grand Jury (U.S. v. Williams), why would the state have authority to counter that opinion? The common law is superior to all statutory law, and we must only invoke it in the right way to have superior standing. We need to stop putting the common law and the Grand Juries underneath their inferior statutory laws. The people (singular AND plural) have the ultimate authority! 18 USC § 2381 - Treason | Title 18 - Crimes and Criminal ...

"The general rule is that an unconstitutional statute and codes, though having the form and name of law, is in reality no law, but is wholly void and ineffective for any purpose, since its unconstitutionality dates from the time of its enactment... In legal contemplation, it is as inoperative as if it had never been passed... Since an unconstitutional law is void, the general principles follow that it imposes no duties, confers no right, creates no office, bestows no power or authority on anyone, affords no protection and justifies no acts performed under it... Lawful public employees who our oathkeepers to the consitutionallaw to protect us all from commercial or foreign and domestic agents publicly , The voluntary paid tax for united states for America American Citizens , Including sovereign of the civil rights act of 1866, As Democracy Contracts of the defacto of 1871 On foreign country grounds.. Including the 1933 baking act and house restitution act June 5 1933, Uniform commercial Maritime code,]

The point being made is that the tree (private property, land, wages, salaries, compensation) is NOT taxable, while the "fruit" (or "income" FROM said property or wages) of the tree CAN possibly be taxed, (but only according to constitutional provisions). Tax upon income derived from, say, rental property, CAN be taxed possibly could be considered interest of the investment if one is a registration voter ,

[I recommend all Rescind their voter registration contact As I have done Filed and on the public and private side] v but ONLY according to the Constitution, because the tax does NOT diminish "tree," the principal, or lessen the value of the person or property. Property taxation diminishes the "tree" itself, (the wealth of the person) thereby creating a possible situation where the tree could disappear because of the tax. Property voluntary Taxation in Lincoln count or the the state of oregon County:

Property taxation must fall within constitutional guidelines set forth for all People of our nation. To be applied other than under Constitutional parameters is to make such a law or application null and void and is a

violation of our constitutional rights.

Direct taxes must be "apportioned among the several states which may be included within this Union". [See Article I, Section 2, Clause 3 and Article 1, Section 9, Clause 4.] These include taxes directly upon people or personal property.

"...all duties, imposts and excises [indirect taxes], shall be uniform throughout the United States". [See Article I, Section 8, Clause 1.]

"Apportionment" means according to the census... the actual number of people in the county or state. "Uniform throughout the United States" means the tax is the same everywhere, such as alcohol, tobacco and other excise taxes, where all Americans pay the same commercial tax regardless of the state they are in.

"Thus, in the matter of taxation, the Constitution recognizes the two great classes of direct and indirect taxes, and lays down two rules by which their imposition must be governed, namely: the rule of apportionment as to direct taxes and the rule of uniformity as to duties, imposts and excises." ...determining that, the classification of Direct adopted for the purpose of rendering it impossible for the government to burden, by taxation, accumulation of property, real or personal, except subject to the regulation of apportionment..." Pollock v. Farmers' Loan & Trust Co. 158, U.S. 601, at 637 (1895).

"The name of the tax is unimportant that it is the substance and not the form which controls;' that the limitations of the constitution cannot be 'frittered away' by calling a tax indirect when it is in fact direct." Pollock v. Farmers' Loan and Trust Co., 157 U.S. 429, 580?1, 583 (1895).

"That decision affirms the great principle that what cannot be done directly (direct taxation) because of constitutional restriction cannot be accomplished indirectly by legislation which accomplishes the same result." Actual and Constructive Notice

This is actual and Constructive Notice that I believe this to be criminal activity against me personally and I am requesting legal rebuttal, point by point, of these positions, or it will be presumed to be a correct assessment of my personal situation.

If not contested, a refund of all monies paid during ownership, with compensatory damages (or agreeable settlement), will be expected no later than 30 days from date of this document, or 5% interest rate per month will accrue on total as outlined above. The application of force or coercion in any way which counters the supreme law of the land, and which extracts financial consideration from me, under the color of law, is

criminal conversion and fraud under UCC laws, Common Law, and is a violation of the Racketeering (RICO) laws.

Finally, the auction or sale of private or business property for presumed past due property taxes without a court order and hearing is a direct violation of Due Process, and a civil right violation upon whom it occurs. Those involved with such an illegal sale without a legal judgement via a court hearing, with all facts being adjudicated, are parties to this criminal activity and can be held personally liable for RICO and civil rights violations. This includes parties who may purchase said property, as accomplices in said action, as ignorance of the law is no excuse.

The Supreme Court ruled that Municipalities cannot exert any acts of ownership and control over property that is not OWNED by them, see *Palazzolo v. Rhode Island* 533 US 606, 150 L. Ed. 2d 592, 121 S.Ct. ___ (2001) (no expiration date on the taking clause for City's illegal enforcement of its Codes on the man's private property and restricting the man's business), affirming both *Lucas v South Carolina Coastal Council*, 505 US 1003, 120 L. Ed. 2d 798 (1992). (butterfly activists and Code Enforcement cannot restrict development of the man's private swampland unless they lawfully acquire the land FIRST, surveying with binoculars constitutes a "takings"), and *Monterey v. Del Monte Dunes*, 526 US 687 (1999), 143 L. Ed. 2d 882 S.Ct. ____ (1998).

In the Monterey case, the California private property owner was awarded \$8 million for Code Enforcement's illegal trespass and restriction of his business, and another \$1.45 million for the aggravation of a forced sale. Historical Summary

The Oregon Treaty of 1846 was an agreement with Great Britain that gave the U.S. undisputed claim to the Pacific Northwest south of the 49th parallel. The states carved out of this treaty are the present states of Oregon, Washington, Idaho and the southwest corner of Wyoming. This treaty with Great Britain was signed on June 12, 1846 [9 Stat. 869], and all federal land patents of these states flow from the treaty and fall under the supremacy clause of the constitution, therefore, no state, private banking corporation or other federal agency can question the superiority of title to landowners who have “perfected” their land by federal land patent. Jurisdiction by any state court is invalid, and since federal land patents cannot be collaterally attacked as to their validity or authenticity as highest evidence of title, no mortgage institution can claim title to land by its “lien.” Certified federal land patents were given free and clear title with no encumbrances, then or now!

The lead case that said treaty law cannot be interfered with by a state legislature in *Ware v. Hylton*, [(1976) 3 Dall. (3 U.S. 199)]. In this the Supreme Court held that a treaty is the supreme law of the land (Article VI, Section 2: “and the judges in every state shall be bound thereby,

anything in the constitution or the laws of any State to the contrary notwithstanding” !)... that any act of the legislature cannot stand in its way because a treaty is the declared will of the people , of all the United States and shall be superior to the constitution and laws of any individual state.” [Emphasis by the court.] In other words federal land patents put into evidence by a land owner cannot be challenged by a state court because it flows from a United States treaty, and therefore, no court has jurisdiction over title or ownership to land that traces its source to the paramount or common source of title from the United States government, banks and private corporations notwithstanding, because federal land patents were never given to corporations, only to private citizens hence the term “private land claim” or “PLC” (as we call it) used by the Bureau of Land Management as the date of the original patent. “Expatriating a U. S. citizen SUBJECT to the Citizenship Clause of the Fourteenth Amendment on the ground that, after reaching the age of 18, the person has obtained foreign citizenship or declared allegiance to a foreign state generally will not be possible absent substantial evidence, apart from the act itself, that the individual specifically intended to relinquish U.S. citizenship. An express statement of renunciation of U.S. citizenship would suffice.”

The lead case for the Louisiana Purchase States is American Insurance Company v. Canter [(1828) 1 Pet (26 U.S.) 511] in which Justice Marshall held the power to make treaties is an absolute power of the United States government and from that power arises the right to govern it, i. e., treaty law is superior to any state laws* and is the supreme law of the land (“zoning law” included*). a). Association In Fact; two people acting together (knowingly or unknowingly) which affects Interstate Commerce...

The actions in activities and enforcement clearly constitute financial fraud, which is supported by multiple layers of "associations" with the primary intent of taking assets from citizens and profiting the government. This need only be \$1.00 in loss to fulfill this requirement.

b). Two or more similar acts of fraud, mail fraud or extortion having occurred...

The actions have been ongoing, as proven by the ongoing efforts by the Assessor's office yearly adding with other Elected and elected and public agency's. In addition, mail fraud, a Federal Crime, is also involved with this scheme by the use of the postal system to extract finances unlawfully.

c). Money or property deprivation...From thee disabled and Elderly,

This is self evident in Assessor's office correspondence, demands, printed material, court proceedings, etc.

d). Pattern is likely to continue.

Pattern has been continuing for many decades and is growing worse. The only way it will stop is for the Rule of Law to be enforced and for constitutional rights to be enforced...
