**** NAEYC Conference ****

For the last 25 years our Parents Association has raised the money to send the entire faculty (that is everyone) to the three-day conference run by the National Association for the Education of Young Children (NAEYC).

This is the top conference for our age group and attracts as many as 20,000 educators from around the world. We are the only NYC school to send our full faculty and staff. This year the conference is in Nashville, Tennessee.

Next week, November 21st-23rd when school is closed, we will be choosing between several hundred workshops on every possible topic on the latest research about the education of young children. After the conference, we share what we learned in our favorite session with the rest of the teachers during our weekly staff meetings.

A HUGE thank you to our parents!

BULLETIN BOARD

Parents: I want to call your attention to this sale on Friday at our next-door neighbor, The New York Historical Society. It is from 12:00-8:00, which is not convenient for drop off, but if you live in the neighborhood, I hope you will stop by. The Historical Society has been generous to our school by including our families in various events, but most significantly they gave us the train table in the reception room at school - much beloved by all our children! Q: WHAT PET SHOULD I GET? A: FISH!

Namely, *our* fish. We are moving in early December, and we are not logistically able to bring our fish with us. They have been great pets for Carter and Wyatt, and have taught them about caring for creatures smaller than them, responsibility and completing daily jobs, and the "circle of life." I have enjoyed them too, honestly, and find watching them really soothing.

Please reach out if you have any questions or are interested in seven colorful new members of your family plus three aquatic plants. We will set you up with all the gear you will need, the easy care instructions, and fish food to last months. Each fish is from a different species...so no lessons on procreation.

***Holiday Express returns to
New-York Historical this holiday season,
reimagined to celebrate the 100th birthday of
Busytown author and illustrator Richard Scarry.***

November 1, 2019 – February 23, 2020

The installation showcases artwork and graphics of Scarry's characters (like Huckle Cat and Lowly Worm!) from publisher Penguin Random House alongside Jerni Collection toys. Children and adults can also experience dynamic displays exploring the workings of the railroad, the services it provides, and the jobs required to keep people and goods moving. *(Curated by Mike Thornton, associate curator of material culture)*

Kids hop on our custom-made Busytown vehicle-themed benches and take photos throughout the gallery with Busytown characters. Also: Pick up an "I Spy" scavenger hunt at the 77th St. entrance and take your whole family on an adventure through the exhibition.
