**Did you know?** ... faith leaders have called on the UK government to set a net zero greenhouse gas emissions target in law to halt climate change. The letter is signed by 42 representatives of Christian, Jewish, Muslim, Buddhist and Hindu communities. A report from the government's climate advisers, the Committee on Climate Change, says that a net zero target is needed to avoid temperature rises exceeding the 1.5C level which would be disastrous for the **millions of people** who are most vulnerable to the impacts of climate change and **are already living in extreme poverty.** You can join the CAFOD Climate Pilgrimage to London, registering for the MP Lobby and signing up for the CAFOD Lancaster coach [cafod.org.uk/Campaign/Climate/Climate-lobby](http://cafod.org.uk/Campaign/Climate/Climate-lobby)
