

SPORTSMEN'S CAMPFIRE

GETTING STARTED IN HUNTING AND FISHING?

Not everyone grew up in a hunting or fishing family, yet many come to have the interest. They just don't know where to begin.

OUR OBJECTIVE: To help newcomers learn about hunting and fishing in an informal social atmosphere.

OUR FORMAT: A gathering of those who yearn to learn, along with some current sportsmen and women who can introduce you to skills, discuss what you need to know about equipment and technique.

We hope to start each session with a "Meet & Greet" format – informal social time, followed by a program relating to sportsmen's activities. Doors open 6:00 with program around 6:30 PM.

Next Event: July 16th at 6:30pm at Stillwater Coffee Company

1560 N Country Club Pkwy Elkhorn, WI

Topic: Navigation with Map & Compass

Certainly a smart phone or GPS unit can be a great tool for "staying found" in the woods. They can be dependent, though, on batteries and having signal. Come on out to discuss a few tips on using these, as well as how to use a map and compass to determine where you are and how to get where you want to go. Hike with confidence!

In addition, we will have a representative from the DNR on hand to discuss trails in the Kettle Moraine!

COMING ATTRACTIONS:

- Conservation and the sportsman
- Different game species & firearms used for them
- How to clean fish
- Ice fishing
- Archery equipment for hunting
- Scouting for your hunt
- Where to hunt or fish
- What do you want to learn about?
