“NSA operatives see what the surveillance subject’s eyes are seeing. Visual memory can also be seen. RNM can send images direct to the visual cortex, bypassing the eyes and optic nerves. NSA operatives can use this to surreptitiously put images in a surveillance subject’s brain while they are in R.E.M. sleep for brain-programming purposes.”

*“Gloria Naylor, a renowned African American writer, seems to defy many of the stereotypes of someone who believes in mind control. A winner of the National Book Award, Naylor is best known for her acclaimed novel, *The Women of Brewster Place*, which described a group of women living in a poor urban neighborhood and was later made into a miniseries by Oprah Winfrey.*

*But in 2005, she published a lesser-known work, *1996*, a semi-autobiographical book describing her experience as a TI. “I didn’t want to tell this story. It’s going to take courage. Perhaps more courage than I possess, but they’ve left me no alternatives,” Naylor writes at the beginning of her book. “I am in a battle for my mind. If I stop now, they’ll have won, and I will lose myself.” The book is coherent, if hard to believe. It’s also marked by disturbing passages describing how Jewish American agents were responsible for Naylor’s surveillance. “Of the many cars that kept coming and going down my road, most were driven by Jews,” she writes in the book. When asked about that passage in a recent interview, she defended her logic: *Being from New York, she claimed, she can recognize Jews.*”*

It appears that religion is indeed a strong component behind **DOD neurotorture (mind-capture)** based upon Julianne McKinney’s interview with Greg Szymanski. McKinney is a former Army Intelligence officer, Director of the Electronic Surveillance Project, a sub-group of the Association of National Security Alumni, and author of *Microwave Harassment and Mind Control Experimentation* (per <https://everydayconcerned.net/tag/julianne-mckinney/>).

Religious references: 24:13, 33:13 “...I’ve been drawing distinctions. And what I’ve found is that the **perpetrators appear to belong predominantly to one particular religion, whereas the targeted individuals do not belong predominantly to that particular religion...**”

Unfortunately, I do believe McKinney is referring to Jews. It seems there are few Jews targeted. Regardless, I know Jews are involved as perpetrators, likely many more than are captives. Moreover, there were Jewish Nazis in WWII and then in the US under medical, CIA, etc. cover. Jews were also among early inventors regarding neuro experimentation here. (I realize there are sadists and psychopaths in all religions but because of my situation, I believe the retaliation against me as a Jew, for reporting Jews, among other concocted rationales, is being orchestrated by Jews [UM/CIA, ADL, Mossad?]). During Markley's tenure there were Cuban Mayors - no doubt tied to the CIA, as is UM (2nd largest hub). She and Flamm may be assets as well. They should never have been allowed near students, including me. Gimenez was up to his head in what I have reported. Now he's a Senator. Scott, Obama, Nelson, Rubio (murder of Joan M [Home page] was also reported to these four) and DeSantis all know.

So, although many believe Jews are kind, giving, and compassionate people - most are - there are some without a conscience, and with a vile (deadly) arrogance and hubris. More horribly, these savages are eugenicists just as Hitler's Nazis were - somebody "less than" - in any number of ways - ethnicity, health, disability, intelligence - plus others - (un)corruptible, independent thinker, whistleblower, etc. - Jew or not - is considered disposable. Cover-up by Miami-Dade Police is massive. I have also noted several instances of grossly distorted rationales seemingly justifying this savagery against me and those around me. See my note to Hadassah and events regarding my membership there timelining my Father's murder in "Humanity's Abyss..." (see my site ourconstitution.info Intro and Home pages). Vile use of The Holocaust as justification as well - in particular, "using" a wonderful family we have known forever, the father a Holocaust Survivor. He has passed, but his widow's birthday card to my Mom was deliberately withheld from her - Mom never saw it. This same woman was told there was no food at Shiva for Mom (after Mom's Funeral) and to come back the next day. (I had purchased much food earlier that day.) This woman made such a wonderful tribute to my beautiful Mother at her final resting - next to Dad.

DELIBERATE STIRRING UP OF TROUBLE - DELIBERATE ANTAGONISM AND SELF-SERVING ENTERTAINMENT - PITTING PEOPLE AGAINST EACH OTHER - THEY ARE MAKING THIS HELL A RELIGIOUS MATTER BECAUSE THERE IS NO JUSTIFICATION AND "RELIGION" IS THEIR "GO-TO" EXCUSE WHENEVER THEY NEED ONE. THEY DO NOT CARE ABOUT THE HOLOCAUST AND THE MESSAGE WE ALL SHOULD HAVE LEARNED - INDEED - THEIR SAVAGERY JUSTIFIES A NUREMBERG II TRIBUNAL. THEY MUST ALL BE IN PRISON. THEY DESPISE OUR SYSTEM OF JUSTICE, LAW AND ORDER. I HAVE NAMES OF THOSE WHO KNOW ... RIGHT HERE AND AT MY SITE. POWER & CONTROL IS ALWAYS THEIR GOAL.

MKULTRA information shows that many universities collaborate with the CIA and their MKULTRA "experiments". **"...over thirty universities and institutions were involved in an "extensive testing and experimentation" program which included covert drug tests on unwitting citizens..."**

Unfortunately, I have reported my concerns for Jewish involvement with neuro-torture to Jewish oversight/ethic organizations with not one response. One Rabbi said to me, “Did you lose anyone in the Holocaust?” I replied – “We all did.” Another way to answer his question would have been – “So, that gives Jews or anyone with such loss, a right to use this most vile barbarity?” Of course it does not. That is not the lesson of the Holocaust, where Soldiers fought and died defending our Freedoms and Constitution. Our Soldiers do not fight and die defending the use of mind-capture and torture against Americans or anyone else. What is going on regarding neuroweapons is worse than the Holocaust, in my opinion. **Mind-control is the antithesis of Free Will, allowing all to be captives, consolidating power and control within the wealthy, the CIA, and the military.**

Our system clearly needs work. There is a concern that those with greater populations or greater representation will mute all other voices. Absolutely not a reason to target and kill anyone. We can demand a fair representation using other means. We are America- we can do this humanely and safely.

Religion is still a huge reason for division, and it should be left at home. If one cannot do that, they cannot be The People’s Representative, elected or appointed. Political parties are deliberately divisive as well. We all have much more in common than not, and should do away with parties (Washington hated them). Lobby money as well. I am speaking without monied interest – only for Human Rights as in the Constitution and as a result of the findings at Nuremberg. Religion should be out of government – oaths on the Constitution, not Bible; holidays named for seasons (or ?) and not on any day with religious significance; G_d out of money and gov’t offices, Pledge of Allegiance, etc. We all have more in common than not, including Jews and Arabs who are likely more genetically and culturally similar than many other groups. World wars change landscapes. Israel was created after WWII. The Palestinians should also live free from terror. They should not elect terrorist organizations such as Hamas as their leaders. They and all humanity deserve to live under the principles developed from Nuremberg, not any less - and certainly not the barbaric savagery Targeted Individuals live under

[57] **ABSTRACT**
A system and method for enabling human beings to communicate by way of their monitored brain activity. The brain activity of an individual is monitored and transmitted to a remote location (e.g. by satellite). At the remote location, the monitored brain activity is compared with pre-recorded normalized brain activity curves, waveforms, or patterns to determine if a match or substantial match is found. If such a match is found, then the computer at the remote location determines that the individual is attempting to communicate the word, phrase, or thought corresponding to the matched stored normalized signal.
