

DESCENT & RISE OF THE PHOENIX

THE RARE ANNULAR PLEIADIAN ECLIPSE

JOURNEY OF THE PHOENIX

In 2011 the USA witnessed a journey of the 13 Crystal Skulls that started at Chichen Itza. The 'descent' of the Red Dragon or 'Phoenix' came from the opposite side at a 45° descent that ended in Los Angeles. Interestingly, 6 months later the Eclipse ends at an 45° angle from Phoenix, AZ from the opposite coast that ends near Roswell, NM. The place of the 'Fallen Aliens' 13° from Chichen Itza.

The purpose of this illustration is to ascertain the May 20, 2012 solar Eclipse. It appears to have several key and unique properties. Each of these celestial attributes are associated and affect the other; several will be highlighted. 1) The Annular Solar Eclipse in conjunction to the Pleiades. 2) The alignment of the Earth-Moon-Sun with the Pleiades. 3) The prior Venus-Pleiades conjunction & subsequent retrograde descent thereafter. 4) The 45° Triangle patterns on Earth with Pyramids, Pleiades and Phoenix. 5) The correlation with the Jewish-Christian Feast of Pentecost. To some esoteric communities, the Serpent-Phoenix imagery down the Chichen Itza Pyramid steps on Mar 20 Spring Equinox and the Retrograde of Venus can be attributed to the return of the Phoenix or Kukulcan -Lucifer. The Phoenix imagery is one of a prelude to the Destruction of the Old Age in preparation for the New Age to come.

DESCENDING -ASCENDING BIRDS

The Chichen Itza Pyramid has 9 Steps at a 45° degree slope. There are 9 Days from the start of the Venus 'Phoenix' BIRD Retrograde descent (excluding end day) down Taurus Horns ending on May 26. Another 'BIRD' has also descended. It is depicted by the HOLY SPIRIT or Dove imparting 'Tongues of Flame' on Pentecost. Could this be the time when as the Phoenix descends, the Dove ascends back to Heaven?

THE ALIGNMENT

On Mar 20, Spring Equinox the Pleiades reach a Celestial Zenith over the Chichen Itza Pyramid. The 'shadow' cast on the Pyramid is that of a 'Descending Serpent' or Phoenix. 60 days after the Serpent/Phoenix's shadow appeared on May 20 is the day when Earth-Moon-Sun are in conjunction with the Pleiades & the Annular Solar Eclipse occurs.

45° GEOMETRY: If you superimpose a 45° Right Triangle with the base along the Eclipse center line as it enters the USA, then Phoenix, AZ is the apex on the 33° Latitude. Roswell, N.M. is also at the 33° Latitude. You also get an equilateral triangle to LA and the combined Triangle Pattern configuration can be superimposed from the Eclipse Apex in the north Pacific. The Pyramid is also at a 45° angle that mirrors the Ecliptic Apex geometry. Does the Eclipse ending in the USA signal the end of the USA's as a 'Phoenix'?

45° DEGREE ANGLES

The TRANSIT OF VENUS was known as a Phoenix to ancient civilizations or Lucifer. From the Yucatan Latitude, Venus will depict a 'descent' at a 45° slope to the Chichen Itza Pyramid around Mar 17. It will also travel down 9 days before it dips below the Earth's horizon on Pentecost. Some say this will signal a great change on Earth; particularly for the USA as the American Eagle is really a masked Phoenix. A 'Fall' of the Republic perhaps at such a future time? Or of its currency that bears its Pyramid and Phoenix Seal on the US 1 Dollar Bill?

THE PLEIADES כִּימָה

A constellation consisting of 7 stars. Some cultures believe that the whole universe centers around Alcyone which Venus will conjoin on Apr 2-3. This has not occurred since 853 AD. A 45° Celestial Triangle is configured with the Eclipse & the Pleiades along the Celestial Equator also.

VENUS RETROGRADE

Start of Retrograde Phoenix 'Descent' into Taurus May 17. Then 9 days later on May 26 goes below the Earth's Horizon—On Pentecost. Venus will conversely 'arise' for 9 days from above the horizon & out of Taurus from July 25 to Aug 3, 2012.

PHOENIX ECLIPSE

A 2009 crop circle depicted a Fiery Phoenix within an Annular Eclipse Number-Planet association. If the Number of Nodes is equal the Position of the Planets from our Sun, then 2=Venus, 3=Earth, 6=Saturn. This is code for (236 Years) & how old the USA is on 2012 since 1776 or perhaps how long it is to last out of the 243 Year Venus Pyramid Cycle. Also, an object or celestial body appears to be behind Sun.

THE PHOENIX REBORN

The Egyptians knew of the 9-Level pyramid. It correlates to the 9-Days Venus descends below and the Earth Horizon to enter the 'underworld'. It is an instrument for the resurrection of Osiris. The center line dissects his phallus or member area of Osiris. The imagery is strikingly similar to El Castillo with the Serpents transcending the stairs. Perhaps the descent of Venus will be associated with a 'Man' to be risen in a 9-day journey of the planet Venus, who is the Phoenix to be resurrected.

THE SEAL OF THE PHOENIX

The reverse Seal of the USA is a 'signature' of the bearers that control the Nation & this current Age. The hidden lettering tells the code by spelling out MASON. It is a diabolical masked religious order seeking the Earthly initiation & blessings of their Master Lucifer - 'Bless our Work' in Latin. The All Seeing Eye is the Eye of Lucifer. There are 72 Blocks & 13 Levels. The Earth, every 72 years moves 1 degree (1°/360°) of one Zodiac. Every 72-years the annual Snake on the Pyramid is conjoined with the Zenith-Sun-Pleiades over Chichen Itza.

The Venus sequences of transits occur in a pattern that repeats every 243 years. This is the length of time the Illuminati Pyramid spans from the 1776 Year Pyramid base or 1 Venus Day. It is a count-up to the initiation of their long awaited New World Order when Lucifer - as Venus the brightest of the planets known to the ancients is to descend like a Phoenix by the Winter Solstice of Dec 21, 2012.

USA Reverse Seal

when New Order is to start
Venus Transit Jun 6 to Jul 4 = 30 Days
1 Venus Day = 243 Earth Days
It is 1 Cycle of Venus, 243 years.
1776 + (243) = 2019 - 7 = 2012
Phoenix Crop Circle = 3-2-6 Code
1776 + 236 Years = 2012

PYRAMID PORTALS

It is speculated at pyramid locations, due to their positioning, can create vortexes. They can be generated to produce a sort of 'Portal' that may pierce other dimensions. In 2009 a famous picture surfaced of El Castillo where a beam of light is captured. This has been subject to dispute but in theory it is possible. Chichen Itza is layout on a Golden Ratio Φ configuration that could generate such forces -given the right conditions & energy.

The Pyramid complex is about 20° off true North but its East-West is aligned to the setting of the Sun & Moon shadows. It is specially designed so that every year, on the SPRING EQUINOX, the Sun creates a 'shadow' along the steps of the Pyramid which gives the illusion of a 'Serpent' descending from the sky - or Phoenix/Dragon. This event commemorates the prophetic return of Kukulcan Quetzalcoatl, the Plumed Serpent -Lucifer.

ECLIPSES, PART II

A 2nd Eclipse will occur on Nov 13, 2012 that marks a conjunction between the Sun-Moon-Serpens. These two eclipses which will occur in 2012 physically reflect the cosmic Orobolus. To the Maya, the Pleiades is associated with the 'Rattle of a Snake'. The Mayan word for rattle is *tzab*, the same word used for the Pleiades.

PHOENIX CROP CIRCLE

In 2009 a Crop Circle in England depicted a Fiery Phoenix within an Annular Solar Eclipse configuration. Was this a foretelling of the ANNULAR ECLIPSE ending in the Phoenix Arizona Region of the USA a prophetic sign that the 'Phoenix' & the Eclipse are connected with the USA's 'birth' & 'death'? A Venus 243 year cycle? Is this Eclipse an announcement of the end of the USA as the 'Old Phoenix' to be imploded?

AN ANNULAR ECLIPSE

It occurs when the Moon passes directly in front of the Sun, however unlike a Total Solar Eclipse, the Lunar Disk is not big enough to cover the entire Solar Disk. At maximum, the Moon forms a "black hole" in the center of the Sun.
