C2 Performance Experience

With over 30 years in the
construction industry, Lorri Keenum
and the C2 team continues to build a
reputation as a St. Louis premier
contractor.

C2 team of managers provide client
partners a resource from pre-
construction target estimates through
completion.

Project experience range from a deep
directional bore application under the
St. Louis Arch to a multi-million-dollar
steam line installation through
downtown Kansas City, MO.
