The bowlers listed above advanced to the South Point Senior Shootout Championship through their Composite Qualifying Positions in the Turbo, Logo Infusion, and Haynes Bowling Supply Challenges. The SPSS Championship consists of 24 games of Individual Match Play over two days, followed by a 5-player Stepladder Finals. All Championship Finalists start from 0 as all pinfall from the previous three days is dropped. On each pair of lanes in the Championship, a 43' oiling pattern is used on the left lane and a 35' oiling pattern on the right lane.
