Hello York Shag Club members and friends.

I hope everyone is doing well in the early going in 2018. Just touching base briefly with everyone.

We had a good crowd to start the year at our January dance with Dean Baker playing the tunes. Summie Davidson will be holding down the DJ table in February, so I hope we have another good crowd showing up. It's always good to see our club having such a great time dancing and socializing.

We missed several folks at Mid-winter, but we know if you were not there in person you were there in spirit. It wasn't the best weather but we all made the best of the situation.

If anyone knows a business that would like to advertise in our newsletter for \$35 a year, we would be glad to have them do so, just have them contact an officer and we'll help them out. This not only helps our bottom line but in turn would possibly send them business back there way.

We have a number of clubs in close proximity so if you haven't done so I ask that you visit them as a number of those folks visit us as well. It takes all of us to keep our clubs functioning plus the bonus is making bunches of good and crazy friends.

Well it's time to close, with that being said give your friends and loved ones a big ole hug and tell them you Love them for you never know what tomorrow brings.

So GET UP OFF THAT THANG and hug someone!

Mike Bolin

## **Shag Lessons**

It's that time again, Shag Lessons will start a new class in the middle of February. We will begin with the basic step and follow up in the coming weeks with female and male turns, trail behind variations and ending up with the start. If you have someone interested get the word to them. Our first meeting will be Thursday February 15th at 7:00 pm. Note the new night which will hopefully work out better for many who have shown an interest. Come on out early and eat a bite of fine food and help support our benefactor, Gene Courtney.

Many of our older members and recent lesson takers are now taking intermediate lessons from other people and are sometimes at a loss when it comes to terminology. If enough are interested and can stick around we will offer some steps including Front Prep, Back Prep, Stutter Steps and anything else you wish.
