

When Going to Rest at Night

My Lord and My God, this night's repose, taken in a spirit of obedience to obtain the necessary strength for Thy service, I offer thee in union with the repose enjoyed by Thee and by Thy most holy Mother here on earth. O Jesus, hidden in the Most Blessed Sacrament, I offer Thee the love and the glory rendered Thee by Thy most holy Mother, by the angels and saints in Heaven, by all holy souls on earth, especially by those consecrated to perpetual adoration.

Eternal Father, I implore Thee in the name of Jesus and through His Precious Blood and His Most Sacred Wounds, to shield and protect from the assaults of human and satanic malice the Immaculate Lamb, Who is an entire Victim to Thy honor and glory.

O Queen of Angels and you holy choirs of Angels to whose keeping has been confided the tabernacle where rests the most precious pledge of the love of God for man, protect the Most Blessed Sacrament from all irreverences, sacrileges, and the onslaught of the wicked, and preserve Him for loving hearts until the day of eternity.

My holy Guardian Angel and all my holy Angels, visit the Lord Jesus tonight in all places where He is most abandoned and forgotten, and do for Him all that is impossible for me, a poor mortal. Grant, O Lord, that during this night my body, which is consecrated to Thee, may be preserved from every evil, especially from a sudden death. Keep me from the snares of the evil spirits; let me be surrounded by the holy angels, and grant me the grace to repose in Thy Sacred Heart, and to remain there for all eternity. Amen.
