

**PLEASE THANK LEGISLATORS WHO
STOOD UP FOR THE ANIMALS!**

Thanks to the efforts of a handful of legislators, all of the bills that would have lessened our animal welfare laws were mercifully defeated. Attempts to weaken our anti-cruelty statutes, to weaken the new puppy mill law, and to roll back protections for farm animals were all thwarted. We are very grateful to the legislators listed below who fought to defend Missouri's animals and safeguard our animal protection laws.

We feel these legislators are particularly deserving of our special appreciation for standing up to corporate agribusiness, the puppy mill industry and the factory farming industry, as they fought to ensure the humane treatment of all animals.

Senator Paul LeVota

573.751.3074

stephen.webber@house.mo.gov

Please show your appreciation to one or more of the Missouri Senators and Representatives who defended the animals during the 2015 legislative session.

Please say thanks for us.
