## These Take Out Food Containers are Clear.

Stock No.: 70735, Vendor Part No: 0101-2040200

PETE construction is crack-resistant.  
 Containers have patented freshness seal.  
 Hinged lids provide time-saving option.

These take out food containers are composed of sturdy PETE plastic. The PETE packaging is made to withstand many elements such as: food oils, freezing temperatures and is even crack resistant. These take out food containers are hinged and avoid time-waist searching for lids. The to-go products have a freshness seal which is patented. These take out food containers measure 5 3/8 x 4 1/2 x 1 1/2 (LxWxH).

Foam? What foam? You won't find any of that here! We know that sometimes want to keep the sauce on the side and the polystyrene out of the picture, so we've got your take out container needs covered. Renewable and compostable Clear Hinged Clamshells in a variety of configurations for all your sides and sandwiches. Durable, crystal clear containers that are fully compostable, made from Ingeo™ plant-based plastic, and about as far away from unsustainable foam as you can get.

[Details](#) [Benefits](#) [Video](#) [Carbon Footprint](#)

- ▲ Made from 100% renewable resources
- Made with Ingeo™, a plant-based plastic
- Meet ASTM standards for compostability
- Great for displaying cold food
- Perfect for grab 'n' go
- Redesigned for better stackability
- Heat Tolerance: 105 (F)
- Store in a cool place away from direct sunlight

~ 28 Cents per Container

Folia™ One-Piece

Features vary by size.

The patented FoliaT line was designed to completely redefine the take-out and leftover experience. Innovative features include tear-away flaps for easier access to food, leak resistant side flaps that prevent spills and hold condiments and cutlery, and a full array of shapes and sizes that satisfy a broad scope of foodservice needs.

It's also the recipient of the Package of the Year award from QSR Magazine and the Foodservice Packaging Institute. [Read All About it Here](#)

[Details](#) [Benefits](#) [Video](#) [Footprint](#)

- ▲ Made from 100% renewable and reclaimed resources
- Made with sugarcane, a rapidly renewable resource
- For use with hot or cold foods, and microwave and freezer safe
- Embossed to show off handy features like pull tabs, perforated flaps, cutlery nooks and sauce caddies
- Molded, spill resistant corner flaps
- Engineered stackability

# Portion Cups:

## Portion Cups

The best things come in small packages, right? Renewable & Compostable Sugarcane Portion Cups and Lids are the coolest alternatives to the traditional petroleum-derived plastic portion cups out there. Sturdy and versatile, these tiny little containers can handle their share of both hot and cold items without blinking. Made from reclaimed and rapidly renewable sugarcane fibers that are also BPI certified compostable, is there anything these these portion cups can't do?

[Details](#) [Benefits](#) [Video](#) [Footprint](#)

Made from 100% renewable and reclaimed resources  
 Made with sugarcane, a rapidly renewable resource  
 Meet ASTM standards for compostability  
 Works for hot or cold foods
