

Chris Anderson grew up in Merino, Colorado riding horses with his grandpa. Ten years ago he started CA Performance Horses. His main focus has been in the roping and cowhorse events. He is an AQHA, RMQHA, PRCA and NRCHA member. Since his time as a professional he has earned the AQHA title of Professional Horseman.

Chris really enjoys riding the young horses in the cowhorse events and helping them reach their highest potential. Recently he moved his business to Fort Morgan, Colorado where he could expand and have better facilities to train cowhorses. He is excited to be part of such a great association.
