

Not Many Can Do This!

“BURST ACTIVE”

Flavor infused pearls that transform the way you eat!
“Every Pearl Is Love”

A PEARL is a drop of any liquid product ... Olive Oil, Balsamic Vinegar, Juice, Sauce, Condiment - in a thin shell that is made of agar-agar.

The PEARL bursts in your mouth releasing amazing taste and aroma, appealing to all human senses.

BURST ACTIVE Pearls are used as a delicious and sophisticated decorative addition to a big variety of dishes and drinks: starters, appetizers, main courses, desserts, cocktails.

A spoonful of PEARLS on top of a dish will easily make it look and taste like a piece of culinary art. You will feel “WOW!” sensations with each bite.

PEARLS FOR ALL DISHES

About Us

Bio-Revival - is a food manufacturing company that possesses a unique patented technology of producing encapsulated products.

Bio-Revival - is a qualified team lead by known world-class micro-encapsulation scientists, striving for achieving the highest technical standards and uncompromising quality of the products.

Bio-Revival Company started in the USA in 2015 by introducing to the market innovative products under the brand name Burst Active: Juice Pearls, Olive Oil Pearls, Vinaigrette Pearls, Balsamic Vinegar Pearls, Sauces Pearls, and Red and Black Caviar Pearls.

Our products are 100% natural, have attractive color, natural taste and they burst in your mouth creating new amazing sensations. They have a long shelf life, and we do not use GMO, preservatives or additives.

The encapsulating technology has a bright future, and we keep working on developing new products to meet the demand of consumers in healthy, nutritious, tasty and affordable foods.
