

Meet Maizy.

Maizy is a 6 year old, 17lb, dachshund/chihuahua mix who is SO ready for her forever home. Maizy is a happy girl who loves her people. She loves being petted and receiving attention and gives the best kisses. Maizy is sweet and playful. She loves to run around the back yard, play with toys or best of all, just chill on your lap or by your side. She is always nearby her person. Maizy loves to eat and is on a weight loss diet to trim her girlish figure. Maizy is kennel trained, but does not like being kenneled. She is totally house trained and not destructive. Maizy is good with other dogs and cats too. She is good with children and all people after a little time to warm up to them. Maizy is just waiting for the right family to love her and make her a forever part of their family. Could that be you?
