Do to tight Labor force with the District, the facilities aren't a priority. We need weed eating along fence entering stadium amongst other Lawn care. Quotes received and need vote to approve \$382.50 This covers fence at entrance & around ticket booth. Outside Football field and inside fence in front of Stadium. Also includes weed eating. Coach paid first service asking QBC to cover this time. We can maintain once done with weed eating. County mows up to 2x's a month but do nothing in stadium and no weed eating. Biggest charge is for weed eating. Coach agreed to split cost next time. Likely will need one more time. Asking Volunteers first or possible companies that can offer a Sponsor to offset the cost.

Vote **approved** that QBC covers cost for this upcoming treatment.
