

NCRTAC Performance Improvement Committee Meeting with Trauma  
 Program Manager Goup  
 January 11, 2024  
 Aspirus Wausau Hospital & Teleconference

Members present: Sara Steen, Gina Brandl, Jenny Blenker, Megan Foltman, Chris Keller, Cathy Connor, Heather Berg, David Rae, Lexi Bandt, Jamie Haring, Rachel Symons

Recorder: Michael Fraley

Call to order	Meeting was called to order by Steen.
Chair	Sara, Gina, Rachel, Megan, Andrea and Michael met recently to discuss how this meeting could be best run. Andrea from AWH has agreed to chair the group for one year but both organizations will continue to work together to prepare content.
Data Reports	<p>Group would like to have regular data reports to review. Michael is able to do some from his regional access to the state registry but some may need to come from AWH and MMC. Input will be needed on what reports would be helpful.</p> <p>ED LOS has become stale with no regional interventions identified. May need to drill down to find opportunities for improvement that the region can impact.</p>
Mike Trelow presentations	Group discussed bringing Mike Trelow from the Brundage Group in to do some registry trainings. Group had questions about the difference between his training and the courses required by the state.
Other ideas for 2024 Goals	<ul style="list-style-type: none"> <li>• MTP drill</li> <li>• Peds MTP – Megan will report on what the state TQIP group is doing on this when it is available</li> <li>• Regional peds dashboards</li> </ul>
Next case review	March will be hosted by MMC and they will provide a case review. Will check to see if Dr. Roberts can present on the Peds Imaging Guidelines.
