

## ***2017 Northeast Offroad Rock Crawl Series***

Welcome Rock Crawlers! Four tracks across the Northeast have teamed up to give you the opportunity to compete in a points series for 2 classes of rock crawling. Our emphasis is on fun and safety for you and the spectators. As you know there are not a lot of places that offer rock crawling competitions in the Northeast so we think this is a unique opportunity.

You and your spotter/team can be part of this series but we are only offering 50 spots total between the 2 classes. We would like to see 25 pro-mods and 25 Unlimited or Buggy Class but if we only see 15 pro-mods we would allow 35 Unlimited or Buggies... etc. You can still show your support and love of the the sport by attending individual events and not participating in the series but why not compete for extra prize money and Bragging rights! Preregister to enter the series it is only \$75.

You are still responsible for paying your entry fee to each event/track and registering for individual events. Each track has its own prizes, payouts and trophies. Have some fun while building points for the championship , bragging rights, cash and the unique championship trophy.

In recognizing the time and financial commitment, as well, remember you will be able to drop your lowest total from 1 event. This way if you do miss 1 event you will still be able to be competitive. Every one will have to drop the lowest score. However, we strongly encourage you to make all the races for your best chance of winning. The championship this year it will be held at Mountain Mud Run on September 30, 2017. The championship will rotate each year between the 4 tracks.

The point system is as follows:

First Place in your class 50 points

Second Place in your class 49 points

Third place in your class 48 points

and down by 1 point all the down the line until the last person in the point series has been given their points.

The classes of crawler to be considered for the series:
