C13-Strategies to Eliminate Barriers to Program Access

Accessibility Assurance

As applicable to the program, we assure the following:

- All safety equipment is in place and in good condition.
- All eye wash stations are in place and accessible to all students.
- All students have access to personal wash up stations.
- All chemicals or hazardous materials are properly stored.

We, the undersigned, have reviewed the program learning environment and assure that all spaces students receive training or instruction for the program are safe spaces and accessible to all students. Accessibility includes, as applicable to the specific program, any areas students receive training or instruction.
