

Denise M Schanz

Bio

My curiosity and studies of Architecture and Urban Planning led me in the direction of Sculpture. My formative years involved travels to Europe, Australia and Sri Lanka enriching my exposure to and experiences of sacred spaces of churches and temples.

I am a carver of stone and wood and I cast in iron and bronze. My work is the result of intrinsic listening, and researching the anatomy of ear bone structures, decoding, interpreting and connecting to something larger than life.

Undergrad: University of Wisconsin-Milwaukee, Emphasis in Architecture, Urban Planning and Art

MFA: University of Wisconsin-Milwaukee, Sculpture

Residency (2) Buddhist Temple Foundry - Northern California

Invited Artist: Numerous shows - Milwaukee and Sheboygan Counties

Awarded: Jury selections - Milwaukee and Sheboygan Counties
