

IMPORTANT INSURANCE INFORMATION

Our club has secured a General Liability insurance policy which extends 3rd party liability coverage to all SVTA members. Coverage is granted for SVTA events and other similar tractor events elsewhere with a current SVTA membership. We are requiring all participants this year to be an SVTA member. This policy has a "participant exclusion" clause which prevents SVTA member participants from taking legal action against the policy, or in other words against the association or its members who carry the 3rd party liability coverage provided by this policy. It is a similar condition to those found in most waivers that you sign when registering for tractor club events of this type. Third party individuals are those in attendance who are not SVTA club members. If you already have liability coverage of your own, you may choose to keep it in effect, but we do not require you to declare whatever additional coverage you might carry.

Individuals who are already SVTA members automatically have this coverage. For non-members who are arriving at our pull, we are requiring you to take out an SVTA membership at registration when you arrive with your tractor(s). All drivers must satisfy this condition including spouses and partners. Regular adult memberships will be available at registration for a \$35 membership fee. Payment to be made by cash or cheque (made out to SVTA).

Participants will be required to fill out the
