

Marshall Mitchell's Cowboy Music For Kids

It's Always A Foot Tapping...Hand Clapping...Coyote Howling...Good Time!

During my 2017 library summer reading show, *Marshall's Big Book*, kids will join me along the trail of life as we explore cowboy life with interactive songs and stories. They will imagine themselves out on the open range riding herd on a famous cattle trail with their trusty pony, eating cowboy grub, and stretching out on their bedroll under the evening sky. We learn to live the cowboy code to help **Build A Better World!**

Marshall has performed children's programs for over **50,000** elementary school age kids in multiple states, and continues to expand his performance circle each year. Audiences enjoy Marshall's music and the message!

Adaptable to multiple types of venues and time schedules, including schools, libraries, theaters, and regional community festivals.
