THE TRIUMPH *of the* BLACK CHURCH

Get involved in our national book tour by joining many other local pastors across the Country.

This new book release called the Triumph of the Black Church taken from the FBI files in Washington, D.C., which reveals the contributions of Bishop Charles Harrison Mason's pre-civil legacy in America's history.

As Elijah Hill says at the end of his introduction about this book at local congregation across the country, "There are three Civil Rights icons we should recognize in world history I call them, "The Three M's", two of them we know "Martin", & "Mandela", and now this book reveals the third world icon of Civil Rights not just "Martin", "Mandela", but the third "M" uncovered by this book is "Mason".

BOOK SYNOPSIS:

The Concealed FBI Files in Washington, D.C., which revealed the Pre-Civil Rights of Bishop Charles Harrison Mason predates the Civil Rights Movement in America. Within this book, The Triumph of the Black Church, will be revealed Bishop Charles Harrison Mason's extraordinary life story. Mason, an African American religious leader in the 20th Century stood upon his First Amendment civil liberties of freedom of religion and freedom to assemble at the height of the Jim Crow system in America. Mason's Pentecostal message through the gospel of Jesus Christ Institutionalized a unique precedence in America by contradicting Plessy vs. Ferguson in 1896, which gave support to segregation and Jim Crow. The Seditious Act of 1918 violated and falsely imprisoned many religious groups in America during World War I of which Bishop Charles H. Mason's trial was at the forefront.
