

## **BPSD Announcement : January 2017**

### **New Service District Manager, Dennis Strand**

The board is pleased to introduce our new Service District Manager, Mr. Dennis Strand. Dennis has a Masters Degree in Public Health from the Yale University Medical School and has worked in the medical and business fields as Executive Director of Operations, with responsibilities in customer service, personnel, and financial/budgetary administration. He routinely handled \$12,000,000 to \$20,000,000 budgets, so we all can have great confidence in his administering the service district's fund. Dennis also has extensive experience in working with applicable State, Federal and municipal laws and regulations, which of course is another especially significant aspect of his career.

Dennis and his wife Peggy have recently moved to the Murphy area and are excited to contribute to our community. If you get a chance, by all means, drop by and meet Dennis. He is not only exceptionably capable but very personable as well, and would delight in meeting all of you.
