March 2021

I congratulate all the auxiliaries that were able to hit the percentages set for Membership Awards this last year. It was beyond a doubt a most challenging year and I commend all of you for continuing to work at keeping your membership up and growing it so that we can continue to work for our veterans. 87 Auxiliaries were at more than 80% by September 30th; 82 Auxiliaries qualified with 90% by November 30th; and 49 of our auxiliaries made it to 100% by the end of 2020.
