NASSAU-SUFFOLK HIV HEALTH SERVICES PLANNING COUNCIL MEMBERSHIP APPLICATION

THE NASSAU-SUFFOLK HIV HEALTH SERVICES PLANNING COUNCIL provides planning for the Long Island region and promotes the development of HIV/AIDS services that meet the needs of people living with HIV/AIDS. The Planning Council is responsible for setting the priorities and allocating funds received under Part A of the Ryan White HIV/AIDS Treatment Modernization Act.

THE SELECTION PROCESS: Anyone who wants to be considered for appointment to the Planning Council must complete this application; submit a resume or employment history form and a letter of reference. All applications are reviewed by the Planning Council's Quality Assurance & Membership (QAM) Committee. Candidates will also be interviewed by the QAM Committee. Using the criteria described below, the Committee selects candidates for appointment and submits the nomination to the full Planning Council and respective county official for approval. Members are appointed for a three year term and may serve for two consecutive terms.

SELECTION CRITERIA: To meet legislative requirements and ensure a diverse and effective planning council, the selection of candidates is guided by the following legislative mandates:

- The Planning Council has at least one member to separately represent each legislatively defined categories of membership (as listed on page 2 of the application).
- In terms of race/ethnicity and gender, the membership of the Planning Council reflects the HIV epidemic in the Long Island region.
- At least 33 percent of members are consumers who are receiving HIV-related services from Part A funded providers, and are not employees, consultants or officers of any provider receiving Part A funds.
- All members have sufficient knowledge of the HIV epidemic in Long Island to allow for active participation in Council proceedings.

TIME COMMITMENT OF MEMBERSHIP: The critical nature of the Planning Council's work requires of all members a significant commitment of time. Members are expected to attend meetings of the full Council, which are held every other month on the 2nd Wednesday, from 9:30am-11:30am. Additionally, much of the work of the Council is accomplished by member participation in committees, which requires at least one additional 2-hour meeting per month. Because active participation is so vital to Planning Council proceedings, any member with excessive unexcused absences is subject to removal.

APPLICATION SUBMISSION: Before submitting the application, please check carefully to ensure that you have provided all the necessary information, including a resume or work history and letter of reference. Submit your application by mail to:

Nassau-Suffolk HIV Health Services Planning Council Attn: Chair, Quality Assurance & Membership Committee c/o United Way of Long Island
