

TEMPLE MOUNT STAR MAP

The purpose of this illustration is to suggest astronomically a cosmic map layout of the Temple Mount in Jerusalem. Taking the liberty to use heavy metaphoric inferences to a Biblical typology of the Church, this illustration seeks to show that there is an apparent cosmological correspondence to the Sirius-Orion-Pleiades alignment and pattern. This study suggests that the Temple Mount incorporates the motifs of the Sirius-Orion-Pleiades star map that compliments each other as the Male to Female typology as disclosed in the Bible, mainly the Bride and the Groom typology. This would be more specific of them being Jesus Christ and His Bride. If this cosmic pattern is plausible, then it would stand to reason as the Bible depicts Christ Jesus currently in Heaven interceding for the Church on Earth.

As for the mystery of the 7 Stars which you saw in My right hand, and the 7 Golden Lampstands: the 7 Stars are the Angels of the 7 Churches, and the 7 Lampstands are the 7 Churches. - Revelation 1:20
