

Confronting Racism in Education

The challenge of addressing racism in the city's education system is not new, and recent events at Boston Latin School have reminded us of the importance of remaining engaged, vigilant and unified. Come participate in a Town Hall Action Meeting with students, educators, parents, community members and advocacy organizations. Our hope is to provide an opportunity for all of us to come together to offer input and guidance on an action plan for moving forward. In honor of the efforts made by the social justice warriors at Boston Latin School (BLS), who have focused on the specific challenges facing Black students at BLS, the focus of this Town Hall Action Meeting will be on "Black in the Boston Public Schools" #BlackInBPS.
