

IMSA School Cancellation

As you may know, IMSA is in the process of totally rewriting all of the certification programs.

The development of the first five programs were scheduled to be completed this week.

Because of unforeseen delays, the teaching materials and certification exams will not be completed in time for our March 27– 31 School.

We are canceling this school and plan to reschedule at a later date.

Those who are registered and paid will be refunded the total amount and will have to re-register when the new date has been determined and registration is opened.
