

Dr. Carter's Prolozone[®] 2 Day Workshop

This **Prolozone[®] Weekend Course** reviews all of the injections from Dr. Shallenberger's Beginner Course and presents additional training on new important ozone injections for clinical practice. This practical hands-on-course will provide attendees theory and practice with the following injections:

- **Knees**
- **Shoulder**
- **Ankle**
- **Hip**
- **Sinus**
- **Dental**
- **Plantar Fasciitis**
- **Sub Q injections for alopecia**
- **Infections**
- **Trigger point therapy**

Additional training provided in this workshop:

- **Review of Carter Method for treating Erectile Dysfunction.**

- **We will guide attendees in complete preparations for practicing Prolozone ® including having the solutions and ozone generator so that the day they return to their office they are up and running as a Prolozone ® practitioner.**

This workshop is limited to the first 10 people who register. This small size will allow personal one on one attention and confidence in your skills, and it will give you a practiced practitioner that you can contact with any questions when back in the field.

NOTE: You must be **certified** with Shallenberger's course before registering for Dr. Carters Prolozone ® 2-day workshop.

Location: Grouse Mountain Lodge, Whitefish, Montana
Whitefish, Montana is minutes from Glacier National Park and near beautiful hiking, whitewater river running, golfing, kayaking and more. You are welcome to invite family or friends and create a beautiful vacation while you fulfill your dream of being confident in your injection skills. We will plan a day hike in Glacier National Park.

Dates: September 2nd, 3rd workshop dates.

Cost: \$1800

Register: To register email missionhealingarts@gmail.com or call our office at 406-883-4325. Or register here and we will contact you:
