Frequently Asked Questions

What services will be provided if I transfer my child's care to Summit Pacific Medical Center?

If your family decides to continue care with either Dr. Hutton or Jessica Jurasin, ARNP, you will experience the same great care you have come to expect. SPMC is also happy to offer your family a wide selection of additional services such as our new Same Day Clinic in McCleary and our Urgent Care, diagnostic imaging, lab services and more.

How can I make an appointment?

Call 360-346-2222 and speak with one of our scheduling specialists to make an appointment.

How can I transfer my child's health record to Summit Pacific?

You will need to fill out a Release of Records form and return it to Dr. Hutton's office to process. Once your child is an established patient of SPMC you will enjoy all of the benefits of our Electronic Health Record.

What insurance is accepted at Summit Pacific Medical Center?

Although Summit Pacific Medical Center accepts most insurance plans including Medicaid plans, we recommend making a call to your insurance provider(s) prior to scheduling an appointment to verify your child's coverage. If your insurance does not cover care at our facilities, we have a self-pay option.

Please see reverse for more information on our services.

Featured Services

Primary Care Clinics

Weekdays 7 a.m. to 5 p.m., Three locations for your convenience.

Summit Pacific Medical Center oversees three healthcare clinics, specializing in family medicine as well as specialty services such as womens health, obstetrics and naturopathy.

Urgent Care Clinic

Daily 8 a.m. to 8 p.m., Holidays 10 a.m. to 6 p.m., Located inside of Summit Pacific Medical Center

Walk-in service treating fevers, cold and flu symptoms, stomach aches, pains, cramping, ear aches, twists, sprains and possible breaks, rashes, cuts and burns, infections and much more!

Same Day Clinic

Weekdays 8 a.m. to 5 p.m., Located in the McCleary Healthcare Clinic

Established patients can make a same-day appointment with the clinic's provider Joe Kohn, ARNP for any concerns that would normally be addressed with your primary care provider.

Virtual Care Clinic

Available 24/7, on any device with a forward facing camera.

Receive treatment from a board-certified healthcare provider for a flat fee of \$40. A record of your visit will be sent to your primary care provider. Prescriptions can be sent to your preferred pharmacy.
