

Field Day 2014

Field day is rapidly approaching; a week from this Saturday. ([June 28-29](#)) This year we are doing a joint Field Day with the Lewes Amateur Radio Society. Our location will be at the lifesaving station adjacent to the Overfalls Lightship in Lewes. I hope you can attend. Feel free to attend whether or not you wish to operate. Food and drinks will be available. We will be operating 2 stations on HF and hope to have a 2 meter station available.

We plan to do some of the set-up on Friday to save time on Saturday morning. We will begin set-up at approximately 11am on Friday following our regular Friday breakfast. Please let me know if you can help set up on Friday.

This should be a fun Field Day with several guests expected. I hope you can participate, even if it's for a short time. Operations begin at 2pm on Saturday.
