

Tifo Information

Welcome home Kopites,

A new era begins as we say thank you Nigel and benvenuto Claudio! To mark this new beginning we would like you to be part of today's display, pictured below.

At the front of the Kop, you will notice a banner being unfurled from SK4 towards SK1. As soon as you see this, please lift your foil or begin waving your flags! Once up, keep them hoisted until the players approach the Kop. Thank you.

ROWS A-E: your view may be obstructed for a few moments - please remain patient and continue to hold your foil.

SK1: some of you may not have foil - do not fret... a larger foil banner is on its way to you.

Thank you all, but particularly those who have generously contributed time and funds. Enjoy the new season!

Blue and white regards,
