JULY 2018

Artificial Surface Survey

The following results were collated by Mike:

Q1. Are you in agreement with the installation of an all-weather playing surface?

Q2. Would you play during the October to March period?

Q3. Would you be prepared to assist with the upkeep of areas surrounding the green – weeding, etc ?
Gents only

Q4. We would need teams of 3 to attend the club daily to prepare the green for play. This would entail the spot removal of bird droppings, vacuuming the playing surface, removing litter and other debris from the ditches and surrounding paths. We would need a minimum of 5 teams to take turns on a weekly rota basis – if we can raise more teams the less frequent the task. Would you be prepared to be included in this activity?

Please will you ensure that the Rink Diary contains the names of players (and markers, if applicable) for occasions other than league matches, friendlies, roll-ups, Tuesday men's league, Wednesday ladies practice and Club events.

Joke of the month

A young executive was leaving the office late one evening when he found the CEO standing in front of a shredder with a piece of paper in his hand.

"Listen," said the CEO, "this is a very sensitive and important document and my Secretary has gone home for the night. Can you make this thing work?"

"Certainly," said the young executive.

He turned the machine on, inserted the paper and pressed the start button.

"Excellent, excellent! said the CEO as his paper disappeared inside the machine. "I just need one copy."
