

## ONLINE and RESIDENTIAL SEMINARS

Monthly seminars held by  
experts on the topic of  
religious experience

### Calendar

- December, 5 Steinbock on Verticality of Religious Experience
- January, 14 De-Lucca on Campanella and Religion
- February, 15 Mühl on Walther's phenomenology of mysticism
- March, 15 Staiti on Universalia

## Why online seminars?

The idea of online seminars was born with the desire to create an international community of thinkers that despite the distance seek a dialogue on various topics in the field of religious experience

These seminars will be monthly. The videos will be published online on our YouTube channel (phenomenology of religious experience) and on our website.

Each month we will host experts for a 20 minute talk on a topic of their choice, followed by a Q&A session.

We encourage our community of scholars to join our gatherings and take part of the seminars.
