

EMERGENCY TELEMATICS

Wireless NG911-Connected Smoke/Heat/CO Alarms for RVs & Travel Trailers

1 **DETECT** smoke, heat, or CO, alert occupants, transmit emergency data/text message

2 **RELAY** emergency data/text message via wireless telecom network

3 **NOTIFY** 911-dispatch center, who receives 911 emergency data/text message from alarm, then dispatches first responders

4 **DISPATCH** first responders: Fire, EMS, Police

5 **RESPOND** to location of emergency

KEY ADVANTAGES
Early Notification Directly to 911 Centers and Emergency Responders
