Coaching & Team Managers

If you are interested in volunteering as a coach or a manager, please go and see Eric. We always need coaches, assistant coaches and managers. We will help you get set up and offer support with training tips and drills for coaches and walk you through how to be a team manager.

We encourage you to write down any questions you may have about hockey and the upcoming season and bring them to the meeting with you.

We look forward to seeing you soon

Eric Rayment
