These restrictions are to run with the land and be binding on all parties and persons claiming under appearer for thirty (30) years from date of filing hereof after which time the said covenants shall be automatically extended for successive periods of ten (10) years each unless an instrument signed by a majority of the then owners of the lots have recorded an agreement changing the whole or part thereof.

The restrictive covenants are as follows:

1. LAND USE AND BUILDING TYPE: No lot shall be used except for private residential purposes. No building shall be erected, altered, placed, or permitted to remain on any lot other than one single family dwelling not to exceed two and one-half stories in height and a private garage for not more than three automobiles. No business establishment, apartment building, hotel, motel, or other similar business or type building shall be constructed. Use of the land in conformity herewith, shall consist of a main residence and such other auxiliary buildings as may be compatible with a country residence. All of said buildings shall be of modern construction.
2. DWELLING COSTS, QUALITY AND SIZE: No dwelling shall be permitted on any lot at a cost of less than \$10,000.00 based upon cost levels prevailing as of the date of filing these restrictions. The ground floor area of the main structure, exclusive of one story open porches and garages shall not be less than 1800 square feet for a one-story, nor less than 1200 square feet, ground floor area, for a dwelling of more than one story. 3. BUILDING LOCATION: No building or structure shall be erected within this subdivision closer than 35 feet from and parallel to any line which fronts on any street or roadway of said subdivision. Where the property consists of one lot according to the

official plan of said subdivision, no structure shall be erected on said lot within fifteen feet of the side boundary lines, being those lines which are more or less perpendicular to the streets or roadways. Where one person has title to more than one lot, and said property is contiguous and adjoining, according to the official plan of said subdivision, it is permitted that the residence constructed thereon may be within 15 feet of the inside lot lines separating the contiguous lots, but may not be erected within fifteen feet of the outside lot lines. If in the event the same party has title to adjoining and contiguous lots, that owner shall be permitted to erect only one residence anywhere on the whole of said adjoining and contiguous properties, as long as said residence is not within 15 feet on the outside property lines separating these adjoining and contiguous properties from that owned by another. In no event shall the record title owner of adjoining and contiguous lots be allowed to construct any building or structure whatsoever closer than 35 feet from and parallel to any line which fronts on any street or roadway of said subdivision. No building or structure of any kind shall be located on any rear lot lines nearer than 30 feet thereto.

For the purposes of this covenant, eaves, steps and open porches shall not be considered as a part of the building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot.

No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation.

All fences shall be constructed and maintained in accordance with

the other requirements of said subdivision both preceding and subsequent hereto, and no fence hereto shall detract from the design and atmosphere of the subdivision. The erection of any fence whatsoever shall not cause to begin the running of any prescriptions either acquisitive or liberative.

6. HEALTH AND WELFARE: No lot shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste, and same shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. Approval of such systems as installed shall be obtained from such authority. If a sewage system is hereafter provided, then its use by all lot owners is compulsory and no individual sewage system shall be permitted. No sewage or by-product thereof, whether treated or not, shall be allowed to drain in any manner whatsoever into Orleans Avenue, its ditches or accessories. Prior to the construction of any sewage system, approval must be obtained from the Architectural Control Committee and proof must be submitted to said committee showing that said sewage system has the approval of the Louisiana Board of Health.

Approval of such system as installed shall be obtained from such authority.

8. ANIMALS: No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, horses, or cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purposes. All animals which are permitted under this clause, shall be kept under adequate fence in order that they may not cause any damage, nuisance or inconvenience to the neighbors.

9. SIGNS: No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the constructions or sales periods.

10. SEVERABILITY: Invalidation of any one of these covenants by Judgment of court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

11. ENFORCEMENT: Enforcement shall be by proceeding at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

12. TERM: These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of 30 years from the date of these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

13. TEMPORARY STRUCTURES: No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot at any time as a residence either temporary or permanently, except that garages with living quarters may be erected on any lot for occupancy by servants domestic to the family residing thereon, but for no other purposes may said garage be used as living quarters.

14. LOT AREA AND WIDTH: A lot is defined as a subdivision of blocks as delineated on the hereinabove described plans and survey prepared by Robert A. Berlin, President, Land Engineering Services, Inc., a copy of which is attached hereto and made part hereof, and having the dimensions shown thereon, and no further subdivision of lots is permitted for the purpose of evading these restrictions and covenants.

15. NUISANCES: No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood, particularly if same is against the health, welfare and good morals of the neighborhood.

16. EASEMENTS: Easements for installation and maintenance of utilities and drainage facilities are reserved over a portion of the lots in Merrywood Estates as shown on the attached survey made a part hereof. Within these easements no structures, plantings or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities or which may change the direction of flow of drainage in the easements or which may obstruct or retard the flow of water. The easement area of and all improvements in it shall be maintained continuously by the owner of the lot except for those improvements which a public authority or utility is responsible.
