

We are happy to announce the start of a new foundation! Advance learning foundation (alf) is a nonprofit, 501c3 foundation that will provide scholarship assistance to central florida families who have financial needs. These scholarships will provide tuition support as well as funds to help provide any additional services a child may need to support their learning and development. This may include therapy, tutoring, or access to before and after school programs to help allow parents and caregivers who have to work full time receive necessary care for their child. These scholarships can be used at our advance family of programs in central florida, an industry leader in effective, 21<sup>st</sup> century educational and therapeutic services for children.

We believe that every child has the right to an exceptional education, the opportunity to love learning and to advance! There are so many parents who are desperate to give this to their child, but simply do not have the means to do so. Our foundation is a way to help give these families a chance to change their child's future. Early childhood education and intervention creates new opportunities for children and their families. Advance Learning Foundation is excited to be part of that change and invites you to help us support these families.

You can also support our foundation by shopping on Amazon through their AmazonSmile program. When customers shop on AmazonSmile ([smile.amazon.com](https://smile.amazon.com)), the AmazonSmile Foundation will donate 0.5% of the price of eligible purchases to the charitable organizations selected by customers. To use this service to support Advance Learning Foundation, all you need to do is use this link (<https://smile.amazon.com/ch/46-5112788>) when shopping for products on [Amazon.com](https://www.amazon.com). You can add it to your favorites and be sure to use it every time you shop. It is a great way to support ALF while you shop for the holidays and all year round.

Like so many things, ALF came about because of the needs we saw in our community... families contacting us and reaching out for support, but who were unable to give their child what they needed because they simply could not afford to do so. We already have a list of families waiting for scholarship dollars for their children. Your donations will be used to directly support children's learning and growth. Please help children right here in our community **Advance!**

We need all levels of charitable donations to get our foundation off to a great start and of course your financial contributions are tax deductible!

The children WE support thank you for YOUR support!
