

“The Art Of Flower & Garden Photography”

With Brien Szabo

When: Tuesday, January 16th at 7:30 PM

**Where: The Cranford Community Center
220 Walnut Ave, Cranford**

Brien Szabo will show how anyone can take great pictures with any kind of camera, from a phone to a simple point and shoot, to an expensive DSLR.

He will also go over a variety of simple camera settings so that you can manipulate the effectiveness of shots to create more powerful and dynamic images.

And lastly, he will show how you can incorporate four composition techniques to better frame out your favorite garden and flower subjects so that you will be proud to print and hang them in your home or enter them into competitions.

The program is free and open to the public. No registration is required, but seating is available on a first-come, first-serve basis.

This event is sponsored by the Hanson Park Conservancy.
