TOTF Webinar  
February 9, 2012

# Action & Review Items from Jan. 26

---

- Deactivations – Where possible, cross-reference scenario deactivations with Stakeholder-Specified Infrastructure (SSI) resource deactivations – Note remainder as scaled deactivations – Pending
- Scenario 2 – Check distribution of CT capacity - Completed
- CEI Process – Post Additional Info – Completed
- Include total capacity values to the generation dispatch tab - Completed
