

Ministry Minute

Loving Hands Sandwich Ministry

Our Loving Hands Ministry was formed in July 2019 to help serve a food deficit in our community. Mercer County Health Department in conjunction with the Mercer Foundation for Health has a grant for a Mental Health Program. It was discovered at that time that many families, especially those with children, did not have adequate food or the means to obtain more food.

So AUMC stepped up to help fill this need. Each 2nd Tuesday at 1:30 PM and 4th Tuesday at 6:30 PM, we meet to prepare sandwiches, frozen casseroles, and food packs which the recipient can prepare themselves. Soup and cookies have also been provided. We encourage many to join this team to help prepare the food or provide a monetary donation, both within our congregation and other community members who want to help to eliminate this food insecurity issue.

This past year we have provided over 6000 meals for our hungry community families.
